

Mitsubishi Corporation Urban Development, Inc.

Privacy Policy

Mitsubishi Corporation Urban Development, Inc. (MCUD) engages in business as a comprehensive developer with a focus on all aspects from development to operation of commercial facilities and multi-purpose buildings that are valued by customers and local communities alike.

In accordance with its principles concerning respect for the individual and with a full awareness that personal information must be handled with proper care, MCUD appropriately handles such personal information in compliance with laws and regulations, guidelines established by the national government, and other relevant norms.

1. We have established management systems by clearly designating persons responsible for the protection of personal information and creating specific internal rules.
2. When collecting personal information, we notify the relevant individual in advance, clearly specify the purpose of use, and acquire said information properly and appropriately to the extent necessary to achieve those objectives of use.
3. We use personal information only to the extent of specified purposes of use and not for any other purposes. We additionally take any necessary measures to prevent use for other purposes.
4. We implement appropriate security control measures to prevent loss of, unauthorized access to, tampering with, or leaks of personal information.
5. When providing personal information to third parties, we take all necessary measures to comply with relevant laws and regulations.
6. With regard to complaints about the handling of personal information, and requests and inquiries for disclosure, correction, or termination of use of personal information, we have established a contact desk within the Company and respond as promptly as possible.
7. We conduct internal training and educational activities, make efforts to fully inform personnel regarding the proper handling of personal information, and continuously review and improve personal information protection management systems.

Date of enactment: April 1, 2005

Date of revision: October 1, 2016

Mitsubishi Corporation Urban Development, Inc.

Koichi Murata, President & CEO

All inquiries regarding our personal information protection policy, as well as any complaints, consultations, requests for disclosure, corrections, or deletions should be directed to:

Personal Information Protection Contact Desk, Business Support Dept.

Telephone: 03-6212-0610

Purposes of use to be confirmed at the time of acquisition of personal information

Personal information acquired by MCUD is used for the following purposes:

- Utilization as customer information at commercial facilities managed by MCUD or whose property management is outsourced to MCUD
- Providing information and making proposals regarding various services for the purpose of sales promotions
- Management of house card and point card member information
